You can access the Guatemalan Scientific Journal of Dentistry (RCGO) through the website [odontologiagt.org](http://odontologiagt.org).

To submit your manuscript, first review the RCGO instructions for authors and article publishing guidelines [here](#), available in Spanish and English. These guidelines provide a detailed and practical review of tips for preparing and editing manuscripts, figures, and tables for publication.

## Scientific Advisory Board

Made up of professionals with extensive academic training, track record and experience, created to facilitate electronic peer review of all submitted manuscripts, we thank these professionals who generously share their experience. We publish the names of the members of the Scientific Advisory Board at all times, both on the journal's website and in each volume of the journal.

The Guatemalan Scientific Journal of Dentistry (ISSN 2957-8655), copyright © 2022 of the Postgraduate in Dentistry (USAC), is published annually by the School of Postgraduate Studies in Dentistry, Ciudad Universitaria zone 12, building M4, of. 201, 01012, Guatemala City, Guatemala. Your subscription is free, you can subscribe online [here](#), or call +502 2418-8203, or you can write to [oficina@postgradosodontologia.edu.gt](mailto:oficina@postgradosodontologia.edu.gt). Free subscription is subject to change. Indexing in process in Latindex, Scopus.

## Aims and Scope

The Guatemalan Scientific Journal of Dentistry is an international academic space for scientific publications in the area of dental sciences, which deals with health, injuries and diseases of the stomatological region, and its relationship with well-being and systemic health. The scientific journal strives to publish original articles of the highest quality to disseminate scientific and clinical knowledge; All manuscripts are subject to peer review. Scientific articles of original research, CONSORT randomized clinical trial, review article, clinical research, basic biological research, basic technological research, case report/clinical techniques, book review, interviews, conference summaries, documents of interest, tributes, relevant information from the Faculty of Dentistry, all in the areas of biomedical science, applied materials science, bioengineering, epidemiology and social sciences relevant to dental diseases, their management and their prevention are published. The Guatemalan Scientific Journal of Dentistry is essential reading for general dentists, specialists, research scientists, students and teachers of Dentistry.

The Guatemalan Scientific Journal of Dentistry pursues several objectives, among which it is important to highlight: making original publications, providing a space for academic and scientific dissemination under the criteria and rigor dictated by science and technology currently, generating academia regarding the processes and protocols for publishing scientific articles, aims to influence the way in which research methodologies and scientific production of the Faculty of Dentistry are currently developed, finally pursues the objective of contributing to the solution of national problems, through the study,

ISSN: 2957-8655

analysis, discussion and publication of different research aimed at responding to the needs and problems of Guatemalan society.

The Guatemalan Scientific Journal of Dentistry's vision is to be an indexed journal with an impact factor, of international reference, using the Open Journal Systems (OJS) system, in addition to the peer review and indexing system.

#### Advertising

The RCGO accepts print and online advertising, for more information please contact us at [revistacientifica@postgradosodontologia.edu.gt](mailto:revistacientifica@postgradosodontologia.edu.gt) with the understanding that this advertising has no relationship with the academic content of the journal, and does not represent a conflict of interest, furthermore the journal does not assume any responsibility for the scientific validity of any claim made about the advertised products.
